

MALKIT CHOUDHARY

Data Scientist

ABOUT ME

Motivated BCA student with a strong interest in Data Science and Machine Learning. Skilled in Python and basic data analysis techniques. Passionate about learning new technologies and solving real-world problems using data. Currently looking for opportunities to improve my practical skills and gain experience in the field of data science.

EDUCATION

Manipal University Jaipur | 2024 – 2027

Bachelor of Computer Applications (BCA)

Currently pursuing a Bachelor of Computer Applications with a focus on programming, computer science fundamentals, and data analysis. Building a strong foundation in Python programming, statistics, and modern data technologies.

RNS IT Solution TIPS-G Alwar | 2024 – 2026

Data Science Course

Learning core concepts of data science including Python programming, data analysis, machine learning fundamentals, and data visualization. Actively working on practical projects to strengthen analytical and problem-solving skills.

PROJECTS

Email Spam Detection System

Built a machine learning model to classify emails as spam or not spam using Python and Scikit-learn. Deployed the application on Render.

Customer Churn Prediction (ANN)

Developed a deep learning model using Artificial Neural Networks to predict customer churn using a Kaggle dataset.

Hand Gesture Control System

Developed a computer vision project to control system actions using hand gestures using Python, OpenCV, and MediaPipe.

SKILLS

Technical

Python
Data Analysis
Machine Learning
Statistics
FastAPI
Pandas & NumPy
Data Visualization
SQL
Power BI
JavaScript, C++ (Basic)
Deep Learning (In Progress)

Personal

Analytical Thinking
Problem Solving
Time Management
Communication Skills
Continuous Learning

EXPERIENCE

Fresher with hands-on experience in data science projects such as email spam detection and customer churn prediction. Skilled in Python, machine learning, and data analysis.
